Premiere

SHOWERS

Simply better showers

Our Story...

Since the humble beginnings in 1996 Premiere Showers has evolved to be a widely recognised manufacturer and installer of bathroom showers throughout New Zealand. We are proud to say that a lot of our business has been obtained by referral. Customers have passed on to friends and family their positive experience dealing with Premiere Showers. We are a trusted supplier to New Zealand's leading aged care company and one of the largest home building companies in the country.

Our bathroom renovation service offers you the opportunity to reinvent your bathroom with locally fabricated showers, and quality European bathroom products. We don't stop with the supply of products – our service is built on a team of qualified professionals

that are on-hand to advise you, whether it be bathroom products. We manage the entire renovation process with our own qualified builders and certified tradesmen who take pride in their workmanship.

We have many years of experience in the industry and produce a wide range of frameless glass showers and framed shower enclosures. Our shower trays are finished in a wide range of sizes with a durable and easy to clean acrylic surface. The production of shower liners and the assembly of our shower screens all take place in our factory, allowing us to make-to-measure.

Visit our Showroom Monday-Friday, 8am-4pm to see for yourself.

Our polished-edge mirrors offer a minimalist look and are custom-made allowing us to make-to-measure. We offer a complete range of shapes, edge work and other finishes including tints. Our round mirrors are becoming extremely popular.

Bathroom Renovations

Our bathroom renovation service is ideal whether it's a replacement shower, a total bathroom makeover or somewhere in between, we can help you. Our specialists are available to help you bring your ideas to reality.

Why Premiere Showers is a great choice to undertake your renovation project.

- Our freshly renovated showroom is a great inspiration
- Guidance through our consultations, in both our showroom and your bathroom
- Selection of high quality bathware from our range of showers, vanities, baths, toilets, tapware and tiles
- Our custom-made showers offer great flexibility
- Our no obligation free quotes are fully itemised
- We manage the entire scope of work, arranging sub-trades as necessary

Renovating a bathroom can be overwhelming for some people, we strive to make the experience a pleasant one for you by working with you to understand what you really want. Our qualified team and established relationships with sub-trades allows us to manage your renovation to a successful completion.

Glass Protective Coating

EnduroShield is a protective coating system which we can apply to shower glass before installation. The invisible coating effectively repels water, soap scum & grime, making cleaning easier. A regular wipe over with a microfiber cloth is all it takes - no more scrubbing!

We absolutely love and highly recommend the application of EnduroShield for many reasons:

- Preserves the new-look of your shower glass
- Protects the glass from water & oil-based stains
- The extra protection against staining & etching
- Single application only for long-lasting glass protection
- Peace of mind with a 10-year warranty when applied to new glass

Avoid using abrasive cleaners. There are some cleaners that are not suitable on acrylic products and glass that may cause damage, ask us for more information.

P. 07 575-0773 W. premiereshowers.co.nz E. info@premiereshowers.co.nz
Showroom: 19 Portside Drive, Mt Maunganui

Reduce your cleaning time by up to 90% and keep your glass looking cleaner for longer.

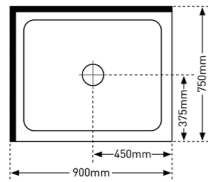

untreated

treated

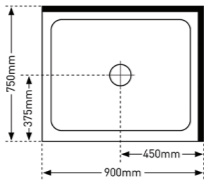

Our shower tray mould designs are constructed of solid reinforced fiberglass with PVC support rings and adjustable feet (for easy levelling), finished in a wide range of sizes with a durable and easy to clean acrylic surface.
